

October 2025

Dear Employer:

On **Wednesday, November 5, 2025**, all Grade 9 students will be participating in **Take Our Kids to Work Day**, when you, the employer, will be having a student come to your workplace along with their parent/guardian/caregiver or designated employee.

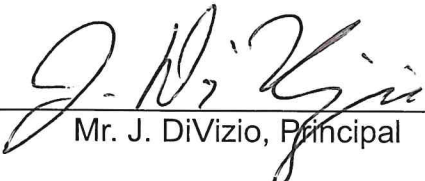

As a career component of the Grade 9 curriculum, a work day provides students with an opportunity to explore a specific career firsthand. Students will have the opportunity to gather information on the realities of work, employment opportunities and entry requirements. This work day will strengthen the link between home, school and the community.

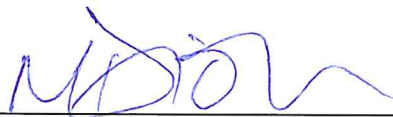

We are asking all students to review any safety issues with the place of work prior to, or on the morning of November 5, 2025.

Additional information and resources related to this day can be found on The Students Commission of Canada (SCC) website at <https://www.studentscommission.ca/events/tokw2025/>

Thank you for demonstrating your commitment to young people by participating in this school, home and community partnership.

Yours truly,

Mr. J. DiVizio, Principal

Mr. M. Dion, Guidance Counsellor
