

# Ultimate Mathematics (UP) Program Registration – 2022 - 2023

Course: GLS1OM – Learning Strategies Skills for Success in Mathematics

Credit Value – 1.0

UP Mathematics is a specialized program that provides student candidates with the opportunity to learn key math concepts, address gaps in learning, and develop problem-solving processes that are important for developing a good foundation for Applied and Academic mathematics programs. UP Mathematics develops student confidence in a growth mindset classroom environment. Student engagement is increased through best teaching practices including rich tasks, small group and individualized instruction, integration of technology (iPads support learning) and development of classroom coaches to promote student leadership.

UP Mathematics will be offered in Semester 1 and UP Math students will take MTH1W1 in Semester 2. ***It is recommended that the students proceed to take Applied Mathematics in Grade 10.*** Students who have enrolled in UP Mathematics and choose to continue in the Academic Math program in Grade 10 should discuss their pathway in Mathematics with their guidance counsellor and UP Mathematics teacher from Semester 1 and/or Grade 9 Mathematics (MTH1W1) teacher in Semester 2.

**Please NOTE:** There is a chance that this program may not run as it will be contingent upon the number of requests received.

**Eligible Student Candidates:** Grade 8 students who are currently at Level 2 who are working close to grade level in most strands of mathematics and have been recommended by the Grade 8 teacher and Program Support Teacher.

<b>Student Name (Print):</b>	Elementary School Name:
<b>Choose one:</b> <input type="checkbox"/> <b>Defer elective credit (Art, Business or Tech.)</b> <input type="checkbox"/> <b>Defer physical education credit</b> Note: French is a compulsory course and cannot be dropped unless documentation is provided by the elementary school's principal.	Add: GLS1OM – Learning Strategies Skills for Success in Mathematics

I understand that my child will defer enrolment in an elective credit or physical education until Grade 10.
