UP MATH

ULTIMATE POTENTIAL

UP Mathematics is a specialized program that functions as a bridge between the elementary school math and secondary math. This course is intended for students who currently achieve level 1 or 2 in math and would like the opportunity to improve their skills to develop a good foundation to achieve maximum success in the new de-streamed grade 9 math course. UP Mathematics develops student confidence in a growth mindset classroom.

Talk to your Grade 8 teacher for more information or call Mrs. Diana Stanesic, Chair of Guidance at St. Mary at 905-420-7166 (ext. 26023).
